Glenn:

Hope you and your EPA team and family are doing good.

Got a question, we are starting to receive traffic that contract labs are not wanting to send their staff out to treatment facilities to conduct sampling due to COVID-19. While the department's goal are to ensure maximum compliance with regulations and ensure maximum quality/safety for wastewater/receiving waters.

We are using enforcement discretion but I wanted to know if there was anything EPA is proposing on this matter?

Michael J. Abbott, Chief  
Operating Permit Section  
573-526-5781
